

## Waste stations for recycling and disposal of large items

PorcelænsHAVEN has 6 waste stations with containers for recycling of:  
General waste, cardboard, paper, plastic, metal and batteries  
-details to follow further down.

**Kitchen waste:** All organic material is disposed of in separate, smaller containers in GREEN bags only: Fruits, vegetables, meat, fish, bread, pasta etc.  
**NOT:** Plants with dirt, diapers, waste from pets.

**Garbage suitable for the "waste suction system":**

- Pizzaboxes and other cardboard containing food scraps
- Plastic from take-away with food scraps
- Milk cartons, juice cartons
- Incandescent bulbs, halogen bulbs
- diapers and hygienic waste in bags

**ALL waste in well-sealed bags of maximum 15Liters.**

### Disposal of large sized items

In the first weekend (friday 8.00am - monday) of every other month (feb, april, june, oct, dec) a container is available for large items at the parking lot by waste station 3.

If you need to dispose of larger items between these times, there is a recycling plant, Bispeengen, entrance from Nordre Fasanvej.

Container	For disposal of:	Found at station:
